RELIEF!™

HAND RESTORE FORMULA

Diamond Crystal Healing™

WHERE TO USE IT

Use on dry, aging and/or aching hands to alleviate pain and cramping and restore skin to a more youthful appearance.

WHAT IT DOES

Dry or aging skin tends to be thinner and more prone to damage from daily activities. You may also experience pain from inflammation and cramping.

RELIEF!™ Hand Restore Formula uses glycerin and our certified food-grade detonation nanodiamond crystal technology to penetrate deeply into the skin to restore body, suppleness and a healthier appearance while also alleviating pain and improving flexibility of your hands.

RESULTS ARE FAST AND MAY BE SEEN IN JUST MINUTES.

DIRECTIONS FOR USE

SHAKE THE BOTTLE VIGOROUSLY for 15-25 seconds to disperse nanodiamond crystals throughout the glycerin carrier.

Apply RELIEF!™ Hand Restore Formula 1 to 2 times daily by placing a small amount on the back of each hand and then thoroughly massaging product into backs, palms and around each finger and thumb.

There are no known side effects associated with our nanodiamond crystal technology. Nanodiamonds will not negatively interfere with any prescribed medication. If you have any concerns, please contact us at info@nanompi.com or call (248) 529-3873 during business hours (Mon-Fri 8am to 5:30pm EST).

Do not use if you are allergic to glycerin.

Flush eyes with water if you get this product in them.

Keep out of reach of children.
